Professional Summary

Results-driven and detail-oriented Angular Developer with over 4 years of experience building scalable, modern web applications. Specialized in Angular 10+ including latest versions Angular 13, 16, and 18. Skilled in developing dynamic dashboards, implementing state management with NgRx, and integrating APIs in cloud-based and insurance-based enterprise applications. Experienced in Agile methodologies and full SDLC with a passion for delivering efficient and responsive UIs.

Professional Experience

System Engineer, Tata Consultancy Services Pvt Ltd (Dec 2020 – Present)

Project: Cloud Domain (Aug 2024 – Present)

- Developed a modern dashboard using Angular for SD-WAN, allowing users to create network overlays across AWS and Azure platforms.
- Built scalable UI components and managed state efficiently using NgRx.
- Enabled centralized monitoring and control of networking devices across multiple geographies.
- Collaborated with product teams to design intuitive dashboards that deliver real-time insights into networking operations.
- Worked with REST APIs and integrated backend services to ensure data integrity and performance.

Project: Insurance Domain – Underwriting Team (Dec 2020 – Aug 2024)

- Developed web modules using Angular for underwriting operations, enhancing efficiency of policy evaluations and approvals.
- Collaborated with the backend and business teams to integrate customer data, risk models, and underwriting guidelines.
- Maintained and optimized legacy AngularJS code while migrating components to Angular 10+.
- Focused on UI/UX, building reusable components, and writing unit-tested code for maintainability.

Technical Skills

- **Frontend:** Angular 10+, Angular 13, Angular 16, Angular 18, TypeScript, JavaScript, HTML5, CSS3, Bootstrap
- **State Management:** NgRx
- **Frameworks:** MVC, MVVM Architecture
- **Tools:** Visual Studio Code, Visual Studio, GIT, Azure TFS, ReadyAPI, Postman
- **API Database:** REST APIs, JSON, PL/SQL Developer
- **Practices:** Angular Migration, Agile, SDLC, Problem Solving

Certifications

- Angular Core Deep Dive (Angular 16) – Angular University, Udemy (Completed on 8 October 2023)

Education

Chandigarh University – MCA (8.5 CGPA)

United Institute Of Management – BCA (70%)

Jumna Christian Intermediate College – Intermediate (69.8%)

M.L. Convent Karelabagh Prayagraj – High School (7.2 CGPA)
