Summary

Results-driven software engineer with 3 years of experience delivering optimization solutions for websites and applications. Skilled in JavaScript, HTML, CSS3, React.js, Adobe Target, Google Analytics, and Adobe Analytics. Proven track record of implementing cutting-edge technologies to drive customer-centric solutions and enhance conversion rates. Actively seeking roles in Conversion Rate Optimization (CRO) and digital experience enhancement.

Experience

- GAIAN SOLUTIONS – Adobe Target Developer (Aug 2023 – June 2024)**
 - Led A/B Testing and Experience Targeting** initiatives from concept to execution, creating strategic test roadmaps, hypotheses, and comprehensive test plans that generated a 45% increase in key performance metrics and improved decision-making.
 - Implemented social proofing** via Adobe Analytics API integration with Adobe Target, increasing user trust, engagement, and conversion rates, while enhancing overall user experience and journey personalization.
 - Led Adobe Target integration** for Android apps, delivering seamless personalization and improved engagement through mobile-specific targeting features based on user behavior and context across platforms.
 - Executed advanced segmentation and geo-targeting strategies** in Adobe Target, driving personalized user experiences based on location and behavior, resulting in significant conversion rate improvements. Collaborated cross-functionally to resolve 20+ critical issues, enhancing overall site performance.
- Fleqa online Pvt Ltd – Junior Adobe Target Developer (June 2021 – July 2023)**
 - Managing A/B testing, MVT and experience targeting from end-to-end, including the creation of testing roadmaps, hypothesis development, test plan creation, test implementation within platforms (Adobe Target), and post-test analysis with actionable recommendations.

Skills

Optimization Tools: Adobe Target | Google Analytics | Adobe Analytics | A/B, XT & MVT Testing.
Front-End Technologies: HTML | CSS | JavaScript | ReactJS | NextJS | Tailwind CSS | React Storybook.
Version Control: Git | GitHub.
Problem Solving: Strong analytical skills for resolving complex technical challenges.
Other Skills: JIRA | Confluence | Debugging and Troubleshooting | Code Optimization | Agile methodology.
Languages: English | Hindi | Urdu.
