

RAVIKANTI SATHWIK

Email: ravikantisathwik@gmail.com | Phone: +91 8801902400

LinkedIn: linkedin.com/in/sathwik-ravikanti-439024111

Career Objective

To leverage my skills and knowledge in a professional environment, contributing to both personal and organizational growth.

Education

Bachelor of Technology in Mechanical Engineering, JNTU (2013 - 2017)

Skills

Programming Languages: Python, R

Machine Learning: Data collection, Data Mining, Data cleaning, Data analysis, Modeling, Prediction, Classification, Forecasting, Association rules, Clustering

Deep Learning: Neural networks, SKlearn, Keras, Tensorflow (TPU and GPU)

NLP: NLU, NLG, Topic modeling, Text summarization, Sentiment analysis, Speech recognition, Text-to-speech translation

Computer Vision: Image segmentation and classification, Video segmentation and classification, Object detection, Object localization, Object identification

Data Science Tools: RapidMiner, AWS Sagemaker, Cloudwatch, ECR, S3

Supply Chain Analytics: Demand Forecasting, Inventory Optimization, Warehouse analytics, Safety Stock forecasting

GenAI: LLMs, Langchain, RAGs

Database Management: SQL, SSMS, Milvus

Operating Systems: Windows, Unix

Office Tools: Microsoft Word, PowerPoint, Excel

Professional Experience

Senior Engineer

L&T Technology Services Pvt Ltd, Hyderabad

February 2022 - Present

Led projects on clustering and anomaly detection using time series data and forecasting

Utilized RapidMiner for data science tasks.

Done projects on GenAI using LLMs and Milvus DB for Embedding and Similarity search

Senior Associate Consultant

Infosys Pvt Ltd, Hyderabad

October 2020 - February 2022

Managed demand forecasting using ARIMA, SARIMA, and machine learning models.

Optimized inventory and predicted safety stock using machine learning and neural networks.

Developed shipment services using AWS and other tools.

Engineer (Data Science and AI)

Statsigma Analytics and consulting Pvt Ltd, Hyderabad

December 2019 - October 2020

Worked on Data Science and AI projects

Research Analyst (Data Science and AI)

Connate Information Technologies Pvt Ltd, Hyderabad

July 2017 - November 2019

Developed parking space detection systems using Mask R-CNN and YOLO.

Implemented face recognition systems using CNN and Python.

Worked on cell segmentation and classification using neural networks.

Projects

L&T Technology Services

Clustering and Anomaly Detection with Time Series and Forecasting the Price of Products

RapidMiner for clustering and anomaly detection and forecasting in plant engineering.

GenAI

Worked on LLM's using Langchain and Milvus DB for extraction and Vectorization of Information.

Infosys

Demand Forecasting

Forecasted demand using traditional time series and machine learning models.

Multi-Echelon Inventory Optimization

Predicted safety stock and optimized inventory using machine learning and neural networks.

Shipment Services - Ops

Developed and supported shipment services using AWS, RestAPI, and other tools.

Connate Technologies

Detection of Parking Spaces

Created an SMS alert system for empty parking spaces using Mask R-CNN and YOLO.

Face Recognition

Developed a face recognition library using CNN and Python.

Segmentation and Classification of Cells

Segmented and classified body cells using neural networks and TensorFlow.

Statsigma Analytix

Emotion Recognition

Classified emotions and monitored student concentration using neural networks and object detection.

Intelligent Medical Assistant (IMA)

Analyzed medical documents and provided enhanced prescriptions using neural networks and text analytics.

Personal Information

Father's Name: Late Radhaswamy

Gender: Male

Marital Status: Married

Date of Birth: 16 June 1996

Nationality: Indian

Languages Known: English, Telugu, Hindi

Address: Flat no. 501, Vijetha Residency, Kothirampur, Karimnagar, Telangana, INDIA-505001

Declaration

I confirm that the above information is true and complete to the best of my knowledge and belief.

Ravikanti Sathwik
