SKILLS

SQL

Python

Power BI / Tableau

Snowflake
(ETL) - DBT

Machine Learning
Algorithms

Pandas / Numpy / Scikit-
learn / Tensorflow /
Seaborn

Statistics

PySpark

LANGUAGES

English

Full Professional Proficiency

Hindi

Full Professional Proficiency

CERTIFICATES

Data Science-Simplilearn

Artificial Intelligence-
IIT BHU

EDUCATION

Bachelors of Technology – Computer Science - 8.69 CGPA

Ashoka Institute of Technology (2016-2020)

Career Objective

Have gained good exposure to understand various aspects of Data Science through Masters Program which has developed a great sense of confidence at a very personal level. Hence, I seek a challenging position in the area of Data Science, Machine Learning, Data Analysis & related fields where I can share my skills and expand my capabilities further in the pursuit of progressive career advancement.

WORK EXPERIENCE

Data Engineer

Kraft Heinz

04/2023 - Present

Ahmedabad - India

Achievements/Tasks

- Extensive experience in analyzing and documenting business requirements and system functional specifications including Use Cases, Data and GAP Analysis.Strong knowledge on DBT tool ,SQL and Python its features and capabilities.
- Experience working on Data warehouses like Snowflake, redshift or equivalent.
- Experience in Data Profiling and Data validation ,requirements gathering , documentation processes and performing unit testing
- Implement and manage data models in DBT, guarantee accurate data transformation and alignment with business needs.
- Utilize DBT to convert raw, unstructured data into structured datasets, enabling efficient analysis and reporting.

Data Analyst / Data Engineer

Tata Consultancy Services

04/2021 - 03/2023

Kolkata - India

Achievements/Tasks

- Worked as DATA ENGINEER/ANALYTICS for handling daily visualization with help of TABLEAU,POWER BI and other tools like PYSPARK,PYSQL.
- Uses BEAUTIFULSOUP for web scrapping and development AND SELENIUM for scripting language.
- Work on python and Machine Learning, Jenkins, Git.
- Work as data Analytics to predict for future data.
- Working on Tableau , Pycharm.
