

SREEDHINI K

Kakkanad, Kochi, Kerala , 9048075355, sreedhinisree@gmail.com

I am a motivated Python Developer with experience in full-stack development, focusing on Django and Django REST Framework. I excel at transforming user stories into functional applications and am committed to adhering to coding standards and best practices.

I thrive in Agile environments and enjoy collaborating with teams to improve efficiency and quality. My strong problem-solving and critical-thinking skills enable me to tackle complex challenges effectively. I am eager to learn and adapt, looking forward to contributing to innovative projects at UST.
