

YATHISH S A

+918675212088 | yathish1047@gmail.com | linkedin.com/in/yathishsa

Ambitious Cloud Engineering enthusiast passionate about learning and implementing innovative cloud solutions. Skilled in building scalable systems and enhancing operational efficiency. Motivated to contribute meaningfully while advancing expertise in cloud technologies. Adept at problem-solving and adapting to deliver effective results. Excited to collaborate in dynamic environments that foster innovation and professional growth.

CORE QUALIFICATIONS

- **Programming Language:** Python (Basic)
- **Cloud Skills:** EC2, RDS, ASG, S3, VPC, IAM, Lambda, CloudWatch, Route 53, SNS, SQS, CloudFront, ECS, ELB, Cloud Formation
- **Operating Systems:** Linux, Windows
- **Tools :** Jenkins, Docker, Kubernetes, Terraform, Git, GitHub
- **Database :** My SQL (Basic)
- **Soft Skills:** Anticipating challenges, Strategic thinking, Active listening, Self-motivation, Evaluating evidence
- **Linguistic Skills :** English, Tamil, Kannada , Malayalam , Hindi

ACADEMIC PROJECTS

End-to-End Deployment of 3-Tier Architecture with Aurora Database

Deployed a 3-tier architecture on AWS integrating a web tier, application tier, and database tier using ELB, EC2, and AWS Aurora for scalable and secure data management. Showcased a demo page for real-time record operations, emphasizing scalability and security. Demonstrated efficient use of AWS services for cloud-based applications.

Piezo Electric Power Generator

Developed a system that generates electrical power through pressure applied to a button using piezoelectric technology. Demonstrated the conversion of mechanical energy into electrical energy, highlighting sustainable energy generation potential.

Semi-Supervised Deep Learning Techniques for Predicting Pulmonary Nodules in Chest CT Images

Developed an SDTL system using advanced machine learning to classify lung nodules as benign or malignant, optimizing segmentation and classification for improved accuracy in pulmonary CAD systems. Implemented cross-validation and external datasets to ensure generalizability and minimize false positives, enhancing system reliability.

EDUCATION

Bachelor of Technology in Electronics and Communication

SNS College of Technology, Coimbatore, Tamilnadu

CGPA: 7.92 | 2020 - 2024

HSC 12th

Dr .P .G .V. Matriculation Hr. Sec School, Coimbatore, Tamilnadu

Percentage: 57% | 2019 - 2020

SSLC 10th

Dr .P .G .V. Matriculation Hr. Sec School, Coimbatore, Tamilnadu

Percentage: 73% | 2017 - 2018

CLOUD COMPUTING

Besant Technologies, Bangalore, Karnataka

CERTIFICATIONS

AWS Academy - AWS Cloud Practitioner Essentials

Prepinsta - Git, Machine Learning

Great Learning - AWS Load Balancer , AWS CI/CD, AWS in ML

DECLARATION

I confirm that all the details provided are accurate, and I am dedicated to utilizing my technical expertise to make a meaningful contribution.
