📁 Professional Experience

Vakildesk Technologies Pvt Ltd, Django Developer ✍ 2023/06 – 2023/09

- Optimized legal software with **Django** by **automating** report creation in **docx**, **pdf**, and **xlsx** formats using **xlsxwriter**, **openpyxl**, **docx2pdf**, and **Jinja** template.
- Enhanced **users'** decision-making for legal jobs with seamless **2D** and **3D data visualization** using **Plotly** integration in **JavaScript** and **Python**.
- Attained **efficient file and folder management** within the software by integrating **SharePoint**, leveraging the **SharePlum** library.
- Developed **user-friendly** calendar using **FullCalendar.io** with **customizable notifications** for **task**, **meets** and **event**.

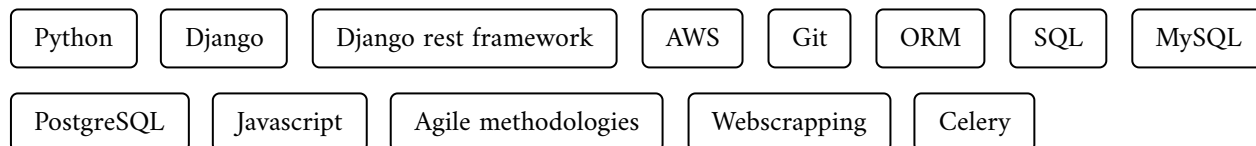

Vite Fintech Pvt Ltd, Software Development Engineer ✍ 2022/09 – 2023/05

- Developed **Django REST APIs** for **travel portals**, ensuring smooth **integration** of **third-party APIs** for **reselling**, along with a **secure payment gateway**.
- Utilized an **AWS EC2** instance for hosting a **B2B fintech portal**, optimized deployment with a **CI/CD pipeline**.
- Led** the team to **research** and **craft proposals** for **two government** projects, **securing** tenders by **presenting** our expertise and vision to **upper-level government officials**.
- Successfully customized **B2B** fintech panel to **B2C** model for increasing sales, reach and boosting business prospects

Beatle Analytics, Python Trainee (Intern with PPO) ✍ 2022/05 – 2022/08

- Developed two railway portals using **Django** and maintained them on **GoDaddy cPanel**.
- Used **Django's Import Export** feature for seamless **record-keeping** of train schedules, passenger complaints, and seat cleanliness reviews in **MySQL** database.
- Implemented **Django User Authentication and Authorization** to allow Railway officials to generate an **expense report**, which can then be presented to the **government** to disclose the **specific station's expenses**.
- Customized the **Admin Panel** to meet the needs of Railway Station, especially the **attendance system** of workers who are paid on a **daily, weekly, and monthly** basis.

🧠 Skills

🎓 Education

Roorkee Institute Of Technology, 2022 | Roorkee, India
B.Tech in Computer Science Engineering 74% ✍

D.A.V Public School C.R.R.C. Gaya, Senior Secondary, CBSE board ✍ 2015 – 2017 | Gaya, Bihar, India

📁 Projects
